DATE LATEST CHANGE PUBLISHED: N/A

SUBJECT: Medical Support for Unit Missions

1. Purpose. Guidance for Providing and Requesting Medical Support for Missions in the Fires Brigade
2. Standards

A. Units with Organic Medical Assets

1. Units with Organic Medical assets will use those assets to support their missions.

- a) If additional medical support is required, a tasker request will be submitted to the Brigade S-3.
- b) Request will include number of medics required, date time group required, location for linking up with the unit, length of time support is required, and equipment required if more than the medic's aid bag.
- c) Requesting unit must be prepared to provide troops to task for the medical personnel in the unit in order to verify the need for additional support.
- d) The Brigade Surgeon cell will coordinate for the medical support and work with the S3 to publish the tasker in a FRAGO.

B. Units without Organic Medical Assets

1. Units without Organic Medical Assets will submit a tasker request to the Brigade S3 for medical support.

- a) Request will include number of medics required, date time group required, location for linking up with the unit, length of time support is required, and equipment required if more than the medic's aid bag.
- b) The Brigade Surgeon cell will coordinate for the medical support and work with the S3 to publish the tasker in a FRAGO.
- c) If the tasked medical assets submit a reclama to the support, they must be prepared to provide a troops to task for their medics to ensure they can't support the tasker.
- d) Prior coordination for support is not discouraged. However, all medical taskings in the Brigade will be in writing in the form of a FRAGO from the Brigade S3.
